SERVING THOSE  
WHO SERVE

A new U.S. Missions initiative  
to strengthen, support and  
shepherd our missionaries.

# WE CARE

WE CARE DEEPLY ABOUT OUR U.S. MISSIONS TEAM

At U.S. Missions, we love and value our missionaries and personnel. We believe it is God's desire for each of you to thrive — physically, spiritually, emotionally, mentally, and relationally.

Caring for the well-being of our U.S. Missions team is not just a priority — it is essential. Your health and wholeness are directly tied to the mission of reaching our nation with the good news of the gospel.

That is why U.S. Missions' leadership is committed to offering the support you need, when you need it most.

# YOU ARE NEVER ALONE

With U.S. Missions personnel serving across all 50 states and territories, challenges are inevitable. Whether facing discouragement, crises, concerns, transition or burnout, we want our missions workers to know they do not have to face these struggles alone.

Each of our seven ministry areas has a built-in relationship network, and our Member Care program offers an additional layer of support to ensure no one feels isolated or forgotten.
